REACH - Declaration

MEV Elektronik Service GmbH, being a Distributor of electronic components, is offering solely non-chemical products (goods).

Moreover, the goods offered to you, shall not release any substance under normal and reasonably foreseeable circumstances of application. Therefore MEV is not obligatory for registration.

Furthermore, we will as soon as possible inform you according to Reach-Art.33 if any substance of content (as from a content of >0,1%) in our offered goods will be classified of very high concern by the European Chemicals Agency (ECHA). However, based on the current status, we do not expect such an incidence.

MEV, being a distributor without any development and manufacturing responsibility, totally relies on the manufacturers declarations. Due to the complexity of this issue and the number of products and manufacturers we kindly ask for your understanding, that we are not able to answer customer-specific questionnaires nor sign any general and comprehensive statement on our behalf.

Declarations from our manufacturers are available on our homepage: <http://www.mev-elektronik.com/reach>. We permanently work on the improvement of the quality and depth of these declarations.

Independently, in our own interest and in order to guarantee a high level of product safety for our customers, we are intensively pursuing the realization of REACH on the part of our franchise partners.

 **Elektronik Service GmbH**

Dieter Tappmeyer
Managing Director
